MindSpa by Synctuition features

PRIVACY GLASS

Enjoy the relaxation process in absolute privacy thanks to the special privacy glass. You can see others but they can't see you while you are inside.

STARLIGHT CEILING

The Starlight ceiling enhances the experience of relaxation by creating a dreamy atmosphere where your daytime worries wash away.

ZERO GRAVITY

The Zero gravity chair distributes your weight evenly across all pressure points, making you feel weightless. The weightless sensation allows you to deeply relax and release tensions.

TOTAL SILENCE

The superior sound reduction of the MindSpa booth together with the noise-cancelling headphones offers total silence – it's just you and your thoughts.

OCCUPANCY LIGHT

An occupancy light indicates if the booth is vacant or not. Thanks to this little light the possibility of disturbing others, or being disturbed, is no longer a concern.

WIRELESS CHARGER

While you are charging your mind, you can also charge your phone. The convenience of a wireless charger is a comfort in modern times.

LOCKABLE DOOR

The MindSpa booth can be locked from the inside. You don't need to worry about someone opening the door in the middle of your session.
